FRED V. SKINNER
President, Oshawa Skating Club

Foreword

FOR THE EIGHTH YEAR the Oshawa Skating Club presents its "Annual Carnival" to the citizens of Oshawa and District with the thought in mind that both the Club and "Ice Frolics" are filling a need in the community. From a modest beginning, figure skating has made rapid strides in Oshawa until at present our skaters are now in demand at many other centres.

The Oshawa Skating Club is divided into three membership classes, the Juniors, the Intermediates and the Seniors. Of these three, the Junior membership is taxed to capacity as parents more than ever realize that figure skating is a clean and beautiful sport and healthy at all times. For the Intermediate and Senior members it gives relaxation and exercise as well as an opportunity to become proficient in figures and dances.

The 1948 edition of "Ice Frolics" brings to Oshawa once more the best skaters available. We have been most fortunate to be able to present Miss Andra McLaughlin, one of America's most promising young stars. Miss Irene Maguire and Mr. Walter Muehlbronner are also of championship calibre and their appearance here this year completes a long parade of champions at "Ice Frolics". For our musical background we present Mr. J. Wilson Jardine, the outstanding musician in the skating world.

Our own club members and all committee workers, our club professional, Alex Fuiton and all who helped in any way with the details of this show are to be congratulated on the success of their efforts. Last but not least we appreciate the continued support of the citizens of Oshawa and vicinity, who, by their loyalty make it possible for the Oshawa Skating Club to present entertainment of such high quality.

Advance Spring Styles

Elegantly tuned to Spring '48 . . . our aristocratic selection of coats, suits and dresses were not only created by the nation's top designers but the many stylish designs are fortified by the unexcelled quality and colors of the "fabrics" from which they are made.

The Directors
1947-48

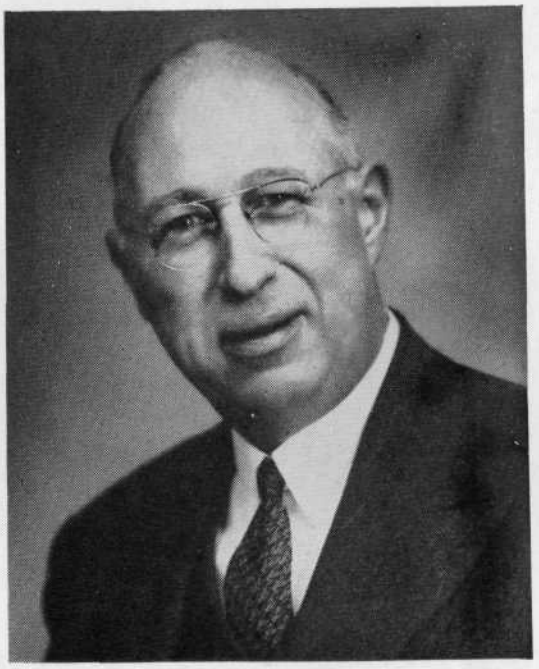

Shown here are the men and women who guide the destinies of the Oshawa Skating Club. With the assistance of Club Professional Alex Fulton and Business Secretary Mrs. George Durno, they are responsible for all matters pertaining to the Club's affairs as well as the production of "Ice Frolics of 1948". All of this means many long hours of work for the promotion of Figure Skating in Oshawa.

It's a Big Evening...Have a Coca-Cola

...*time out for the friendly pause*

"Snacks at our house" is an invitation that always rings the bell. No matter what the hour, when the young folks are out for a good time they can look forward to a real treat—when there's a bit of home cooking in the cupboard and frosty Coca-Cola in the icebox. *Have a Coke* says Jack to Jean, meaning, *This certainly is a date to remember.* The friendly pause, with ice-cold Coca-Cola, is the perfect way to climax a happy occasion —to make any occasion happier.

THE NEW B. F. Goodrich SILVERTOWN

BEST IN THE LONG RUN BECAUSE IT'S BUILT IN A COMPLETELY NEW WAY

Unlike any other tire, the new B. F. Goodrich Silvertown is engineered and built in an entirely new way. A new kind of rubber, developed by B. F. Goodrich, is used—a rubber that runs cooler, wears longer, and resists bruises. An entirely new and stronger cord, also developed by B. F. Goodrich, is designed into a new type of tire body that stands more strain. In turn, this stronger body permits the use of a wider, flatter, longer wearing tread . . . a road-gripping tread with greater traction and safety.

This new kind of tire has been proven in more than 17 million miles of road tests—it is definitely best in the long run. Get the new Silvertowns . . . the greatest mileage tires of all time . . . built by B. F. Goodrich, makers of over 32,000 articles of rubber, including footwear and industrial rubber products.

DOMINION ROYAL Air Ride

A NEW KIND OF COMFORT
A NEW EASE OF DRIVING

Not merely a New Tire a new kind of Tire!

Featured on leading 1948 cars, Dominion Royal AIR RIDE is acclaimed by automotive engineers as the greatest single forward stride since the balloon tire.

LOW PRESSURE - - MORE COMFORT. Dominion Royal AIR RIDE provides far more air volume at new low pressure. Bigger, softer air-cushions actually absorb bumps - - bring smoother-rolling comfort to any car on any road.

NEW EFFORTLESS STEERING. And this new extra low pressure tire gives a brand new "feel" in your driving -- new effortless steering -- safer control of your car -- and greater mileage.

Dominion Royal AIR RIDE is engineered to fit all cars using popular 15" and 16" sizes in both standard and wide base rims. For your new car or your present car, specify Dominion Royal AIR RIDE.

The Star Spangled Banner

God Save The King

THE SHOW WILL GO ON!

The citizens of Oshawa and District have come to regard the annual Oshawa Skating Club Show as an "essential" part of their winter recreational activity. This year the power shortage threatened to curtail the lighting required for "Ice Frolics". However, by planned power conservation this threat in Oshawa has now been averted to the point where we can say "The Show Will Go On." Naturally, we are still asking that you do not waste our supply of electricity and that you continue to conserve.

An abundant supply of clear, clean water is at all times available to supply The Oshawa Skating Club with the perfect ice sheet so necessary for a show of this type. The Oshawa Public Utilities Commission is pleased to co-operate each year in furnishing this very necessary item for the show's success.

Marvelube

CANADA'S LARGEST SELLING MOTOR OIL

For years, more Canadian motorists have been buying Marvelube than any other motor oil. Marvelube is "tops" in the qualities needed in a good oil. It keeps engines amazingly clean and gives outstanding protection at both high and low temperatures, and remember—it sells at non-premium price.

We're proud to recommend Marvelube for *your* car. It's the leader—and it's made by Canada's leading oil company—Imperial Oil Limited.
